

Fylyfot Public School

Redefining Education

Affiliated to CBSE, New Delhi
Day & Day Boarding | Nursery to Class XII

School Motto and Insignia

The Sun Represents the light and Symbolizes selfless service. Likewise the school stands for knowledge and service to the society. Water and education are universal cleansers, while water cleanses dirt and grime, education cleanses ignorance. The trophy with fylfot symbolizes the reward that comes with everything that is best, positive and hopeful in creation. It represents the light of selfless service. The open book symbolizes an open mind to adapt new ideas.

ABOUT US

Fylfot Public School the new age Gurukul is a Day cum Day-Boarding School. It offers English medium, secular, co-educational education from class Nursery to XII. The school has been granted CBSE Affiliation from the Ministry of HRD, Government of India. The School strives to provide high quality education, through a balanced curriculum and a high standard of teaching. It ensures that through its curriculum an all round personality with high moral and values is ready to serve the society.

Fylfot Public school gives stress on discovering the strengths and talent of the children, and guides them in their aspiration for excellence. Excellence here means not only excellence in academics but also as an excellent person with human virtues. It lays emphasis on character building and instills the qualities of initiative, drive and leadership amongst students through diversified activities in order to enable them to fit effectively into any walk of life.

Mission

We at Fylfot Public School strive for excellence in teaching and learning, welcoming children to attain excellence in academics, physical fitness, psychological and spiritual health and social consciousness. The School aims to provide citizen with an all-round personality and sound ethical values, fully equipped with knowledge and intelligence to march out into the world, ready to achieve new heights and explore new vistas in life. We develop visionary, articulate and ethical individuals equipped to achieve their full potential in leadership and in life.

Vision

Our educational approach is relevant, innovative and inspiring, built upon values. It gives emphasis on imparting education that aims at forming a character based on discipline, self-reliance and moral integrity. It believes in producing self-directed and reflective young people with a passion and curiosity for life, equipped for leadership and influence throughout the world. The school is truly secular in nature, with no emphasis on any one religion but with exposure to and respect for all religions. We consider it a privilege to accompany each child as they embark on the path of growth and exploration.

CAMPUS

The eco friendly school campus is a visual delight conforming to all parameters of learning centered architecture and environment. It is spread over a large area with the requisite facilities for academic as well as co-curricular activities.

- The Campus is upgraded with 24 hours CCTV security surveillance systems.
- The well developed WI-FI enabled school campus is spread over a large area with the requisite facilities for academic as well as co-curricular activities.
- Spacious and well-ventilated smart learn classrooms are provided to make learning interesting.
- Spacious and well equipped computer and ultra-modern Science laboratories help the students to get integrate technology and practical training in the learning process.
- Conscious efforts are made to inculcate the reading habit for which a well stocked library enables the students to collect information and knowledge from reference books.
- An activity building for Dance, Music, theatre and painting helps in developing the personality of an individual.
- A 10m shooting range, table tennis, basketball, badminton court and two larger sports fields are provided for the students to indulge in leisure games.

Affiliation & Association

Fylfot Public School was founded in the year 2006 by Fylfot Educational Society is affiliated to CBSE, New Delhi. With vision of ensuring overall development of our children. the school has collaborated with following organizations

Smart Learn Class

Jaspal Rana
Shooting
Academy

LifeSkills

Curriculum

Academics:

The students are taught in a meaningful learning environment. The teachers have immediately at hand a plenty of interest-generating teaching aids, ranging from maps, charts and illustrations to computer software, books and models. The classrooms are equipped with smart learn software and hardware, where learning is made interesting.

Faculty

The school has a highly qualified, trained and committed teaching staff that constantly endeavors to motivate and guide pupils to draw out the best in them.

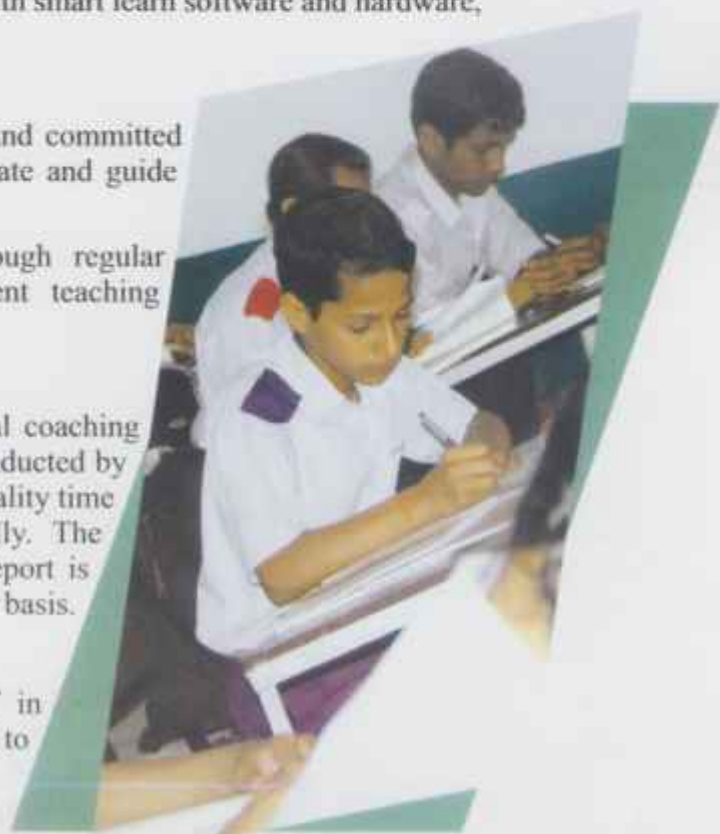

Their competence is constantly enhanced through regular exposure to workshops and seminars on recent teaching technology and pedagogical advancement.

Remedial Classes

Students weak in studies are given remedial coaching after or before school hours. These classes are conducted by subject teachers everyday who devote extra and quality time to discuss and solve children's problems individually. The progress of each student is monitored and the report is prepared to communicate with the parents on regular basis.

Internet and Computer

Seeing the present Scenario and the need of IT in today's world, a special syllabus has been prepared to teach the use of internet and computer basics.

Pre-Primary Educational Programme

At our Pre-school level we offer a wide range of activities to support our aim of "Learning through Play". The Curriculum is designed to promote learning and to provide opportunities to reach the Early Learning Goals in the Foundation Stage of Education.

Children at a young age learn through their own enjoyment of an experience or activity. By providing a wide variety of activities both familiar and unfamiliar we allow the children to make their own choices and thus learn at their own individual pace. As we get to know each child we can stimulate their interest and enjoyment by extending and supporting their play, thus facilitating learning.

The curriculum is designed to support the areas of learning which are the essential bases for later studies in school and to allow children to enjoy learning and develop their interests.

Co-curricular Activities

Fylfot Public School believes in giving the students the right platform coupled with excellent facilities to bolster the students mind. We organize various Intra and Inter School events like Debate Competition, Recitation, Essay writing, Story writing. Apart from the above we are constantly organizing Life Skill Workshops for the students to assist them in time management, negotiation skills etc. We are determined to ensure we are able to develop the innate talents of each child.

Life skills:

Children don't naturally know how to make good choices. Life skills help children know what to do in everyday situations as well as how to make good decisions about more abstract, long-term choices. We work with our children to teach them life skills, we prepare them to manage peer pressure and make good decisions as they grow into adulthood.

Sports

"A healthy mind in a healthy body" is the motto followed by the school. In keeping this motto the school encourages its students to actively take up sports, indoor as well as outdoor and provides them the necessary infrastructure for basketball, volleyball hockey, badminton, chess, athletics, shooting, etc. In shooting, our students are known, to have reached the state as well as the National level.

Creative Writing

Fylfot Public School believes every child has a story trying to come out of their free minds. The school organizes creative writing workshops that offers the children an opportunity to share their love of language and stories and to hone their own writing and storytelling skills. The workshops include engaging and fun activities for speaking and writing; specially designed for children. The children go through an imaginative learning experience and create something magical.

Creative Arts

A syllabus has been planned so that children from the primary section onward learn to appreciate the art. They are exposed to Theater, Dance and Music. Same ways students are taught Clay modeling, arts and paintings so that the children learn to appreciate the arts.

Horse riding

Horse-riding is an exceptionally rewarding activity that can equip children with positive skills and a life-long love of horses. Aside from the obvious benefits of good physical exercise in the great outdoors, horse riding installs many other intrinsic qualities in our kids, including:-

- A life long love of horses that brings different rewards at different stages of childhood
- An inspiring and positive reason to keep active
- Good co-ordination and balance skills
- Improved social skills
- Confidence - learning to ride and care for an animal that's twice their size can really empower children.

Adventure Camps

To enhance a sense of environmental awareness, self-esteem and comradeship the school takes its students for adventure camps in all over India where they learn rope knotting techniques, navigation, rap ling, flying fox, tent pitching, rock climbing, etc.

So far school has camped in ABVIMAS near Dharamshala in Himachal Pradesh, National Adventure Institute Panchmarhi & Pangot, Nanital

Social Responsibility Program

The Social Service League (SSL) today is headed by Mrs B.Rautela and a team of students who undertake different ventures in the service of the less privileged.

One of the most notable efforts of the Fylfot is to undertake different ventures in the service of the less privileged with the noble objective that the students should experience the lives of the needy, empathize with them so that they may later dedicate themselves to the service of society. The students have done great service through various activities like visiting the slum areas educating them and distributing food and clothes. There are several important events that are organized to sensitize the students about their social responsibility. The aim is to bring about a feeling of oneness.

National Integration Camp, Kerala

Every year the school visits Kerala for National Integration Camps, where children get to know the people of various states and their dance forms. So far visiting Thrissur, Cochin & Trivanantpuram was an experience in itself for the students of grade VIII onwards.

Day Boarding

The school also offers Day Boarding facility from grade I onwards. This facility at the school is not mandatory but encouraged.

This DAY BOARDING PROGRAM is an initiative to further our vision of ensuring Holistic Development of our children. A Program that offers beyond school hour's academic guidance, activity based engagements and a comprehensive physical development routine.

The primary objective of the program is to offer our children an opportunity to spend quality time within the school environment and engage them positively in developmental activities under the guidance of educators and experts.

The program has been divided into academic time and physical engagement time to ensure that the children nurture independent work habits and find time to explore, interact and experience freedom and fun of learning.

Spending more time at school is being greatly enjoyed by all day boarders who are now getting more scope to observe and absorb from their Surroundings.

This program provides children with a 360 degree educational experience. Day boarding has been created so that a child looks upon school as a second home. Like a home away from home, all requisites are provided to children so that they grow into responsible and healthy individuals.

WHY DAY BOARDING?

- To provide scope for a wholesome curriculum by spending longer hours at school.
- All academic work can be completed during school hours thus enabling the child to add variety to his learning by being an active part of the home environment. This enables each teacher to reach out and help a child understand the curriculum, enjoy learning and allied activities during the school hours. Therefore, there are no back benchers. The long day school is of paramount importance so that the child is under the supervision of responsible and committed teachers.
- To provide each learner with required tools in a captivating ambience for the purpose of finding the creative genius within.
- To spot the sporting skill early this deserves all nourishment at an appropriate time.
- To develop good eating habits. The school provides well balanced nutritious meals which develop immunity and strength in the child.
- An oasis for nuclear families with working parents. The long day school concept is a blessing for working parents so that the child is under the supervision of understanding, caring and committed teachers. We firmly believe that a parent's job is to give to the child time, to share love and imbibe the moral values which are so essential for the development of the child.

Admission Procedure

Registrations

Prospective parents are welcome to visit the school on any working day and may register their child for admission into a particular class in a particular year at any time after the birth of the child. A non-refundable registration fee will be charged from candidates applying for registration on the prescribed registration form.

At the time of registration parents are given an admission form which is to be duly filled and submitted to the admission in charge within 6 working days. Along with admission form parents need to submit one photocopy of student birth certificate. (The original will be returned immediately after verification) and photocopy of the previous class report card.

After submitting the admission form with all the aforesaid documents, the student and parents would then have to meet the principal for an interview based on which the student will be selected to be a student of Fylfot Public School.

The interview will be aimed at determining the congruency of the parental point of view with that of the School and interpreting the subject scores of students with regard to their potential, aptitude, personality, innate intelligence, sporting skills, aesthetic and creative abilities. The Principal will be endowed with the right to reject the application of any student without assigning any reason whatsoever.

Failure to submit the admission form along with the aforesaid documents within 6 working days or attend the interview without any reason will cause the registration to lapse. In such case, the candidate's registration will be considered null and void and the Registration fee paid will be forfeited.

Admission

Once the admission is granted, parents are required to submit admission fee, original transfer certificate & migration certificate in next 6 working days.

On full payment of the admission dues and submission of the relevant documents, candidates will be sent a set of Admission Documents, allotted an admission number and placed on the School rolls. Once admitted,

candidates will be subject to all the rules and regulations of the School. Admission dues once paid will not under any circumstances be refundable

School Rules

School Uniform

New students are sent a clothing list, detailing the articles to be brought to School by each child and listing those that the school will supply. Parent must ensure that no more and no less than the articles required are sent with the child. We encourage a sense of equality and parents are advised not to send any expensive personal items to school with their children, since the school will not, under any circumstances, take responsibility for the loss of any such items.

School Terms

There are two School terms each year from April to September and from October to March. A child joining or leaving during the currency of a term has to pay the full term's fees.

Conduct and Discipline

The School lays emphasis on self-discipline for, without discipline it is not possible to achieve excellence in any field. Discipline is not harsh or humiliating and corporal punishment is not permitted. It is our aim to imbibe in each student a sense of good manners and behavior and to foster a sense of cooperation and respect for elders. However, keeping the interest of the entire student body in mind, it will be necessary to punish cases of anti social behavior. In extreme or repeated cases of indiscipline, the School may, for the well-being of the entire community, be forced to expel a student. In such case (s), the decision of the Principal will be final.

Withdrawals

Parents withdrawing their child during the currency of a Term will not be entitled to any refund of fee. Parents who decide to discontinue the education of a child from the next term must give due notice in writing to reach the Principal not less than 30 days before the start of the next term. Failing this, the security deposit will be forfeited.

Disputes

Any disputes or claims of any nature whatsoever will be subject to the jurisdiction of the DehraDun Courts alone.
